DOMINION ORDERS IN COUNCIL.

P.C. No. 260.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL ON THE 11TH FEBRUARY, 1930.

THE Committee of the Privy Council have had before them a report, dated 30th January, 1930, from the Minister of the Interior, submitting that on the 24th July, 1907, Timber Berths Numbers 517, 518, 519, 520, and 521, lying in the Chehalis Valley, British Columbia, were sold by tender to Sir Douglas Cameron, which berths, through assignments, are now held by the Statlu Lumber Company, Limited, of Vancouver. The survey of these berths was made in 1908 by the licensee.

A cruise of these berths was made in 1906, by Messrs. F. Pretty and Arthur Tretheway, they having spent about six months in the valley in order to make a thorough inspection of all the commercial timber therein not then already leased. In

this district mountains rise for several thousand feet immediately adjoining some of the lands carrying timber and capable of being logged. The cruisers staked all the ground bearing timber, irrespective of the description or quality thereof, excluding mountains and barren ground; and the late Mr. Leamy, the then Dominion Lands Agent at New Westminster, was requested by them to advertise the stakings for sale by tender, but although that officer understood the irregularities in the stakings were due to the fact that there were several high mountains and other inaccessible areas, all of which had been excluded, he reworded the stakings in order to describe the areas by sections, although the locality was unsurveyed, and he agreed that if the contention of the cruisers was subsequently found to be correct, the Department would allow alterations to be made so that the original intention would be carried out. The above facts were disclosed to Sir Douglas Cameron by the cruisers, who assured him that the limits would include all the available timber then left in the valley, and he was, therefore, induced to tender.

The above facts are set out in a statutory declaration made by Mr. Pretty, who recently revisited the valley, and it is contended that the change in the wording of the description of the areas located and staked has resulted in considerable timber-bearing lands being excluded from the berths and a considerable acreage, useless as timber lands, being included. The Company have found that there are included 5,684 acres, more or less, which are barren and timber and absolutely useless as timber lands or for any other purpose, while some 4,414 acres capable of being logged have been omitted, and it has been calculated that, on the basis of the average cost per acre of the various berths, the original cost of the 5,720 acres was \$19,229.53, and, adding rentals and fire-guarding dues, the total cash outlay has been \$30,163.89. Figured on the same basis, the cost of the proposed acreage to be substituted is \$14,921.71, or over \$4,000 less than the amount actually paid for the barren acreage.

The descriptions covering the parcels to be eliminated, marked "A," and those to be substituted therefor, marked "B," are attached herewith, such parcels being shown coloured red and green, respectively, on the accompanying plan.

The registered owners of the adjoining berths have given their consent, and after weighing all the facts the Minister recommends that the Company's application be granted by adjusting the acreages of the several berths mentioned in accordance with the attached descriptions, without, however, adjusting any rentals already paid, and subject to the condition that the Company, or their assigns, will undertake any additional surveys as may be required by the Department in connection with these berths at their own expense.

The Committee concur in the foregoing recommendation and submit the same for approval.
